

QSM[®]

innovative & cost effective infrastructure solutions

theQSMgroup.com

ALABAMA / ARKANSAS / FLORIDA / LOUISIANA / MISSISSIPPI

QSM AND ITS MANUFACTURING PARTNERS: innovative & cost effective infrastructure solutions

Waterman Valve: water control gates, valves, and stop logs

Tensar: uniaxial, biaxial, TriAx, InterAx geogrids, and FilterGrids

TRUEGRID®: heavy duty recycled plastic permeable pavers

Watershed Geo Hydroturf®: hardened erosion armoring technology

ITL Reinforced Concrete Roll®: roll-out and hydrate concrete liner

Airvac: vacuum sewer collection systems

AbTech Industries: stormwater filtration systems

Rubberway: permeable rubber composite paving

Storm Water Systems: waterway litter capture systems

PROCO: rubber check valves and expansion joints

Hydraway: flat drains, athletic field drainage, residential waterproofing, and landscape drainage

NDS: HDPE square catch basins, gravel-free french drains, and trench drains systems

EJ Group: cast iron and fabricated municipal frames, grates, rings, covers, access hatches, and more

Propex: slope stabilization, erosion control, paving fabric

TenCate: geosynthetics for the construction industry

Huesker: geosynthetics for the construction industry

Advanced Drainage Systems: piping, detention systems, inserts, and plastic catch basins

Contech Engineered Solutions: PVC pipe, steel reinforced PE pipe, CMP, detention systems, and bridge systems

ACO: trench drain systems, oil-water separators

Neenah: cast iron grates, manhole covers, and frames

Northshore Concrete Products: precast structures, including drainage, sewerage, electrical, grease traps, oil-water separators

SCI Precast: precast structures for drainage and sewerage applications

Gainey's Concrete Product: precast structures for drainage, sewerage, industrial, wastewater treatment, and custom structures

Unique Paving Materials: asphalt and concrete repair products

ABOUT QSM

OUR VISION – become the leading provider of innovative and cost effective infrastructure solutions.

OUR MISSION – stand out in a world of infrastructure to provide the highest quality products, listen to the needs of our customers and employees, and to deliver innovative solutions for civil construction and municipal projects so we can achieve sustainable profitability for all involved.

OUR COMMITMENT – is to take a collaborative and comprehensive approach. QSM serves customers from the first call, — through completion on each project.

OUR GOAL - to work closely with our customers to help them design and build a better future.

WATER CONTROL / EROSION CONTROL & SOIL STABILIZATION
STORMWATER MANAGEMENT / SANITARY SEWERAGE / PAVING MATERIALS

QSM SERVICE AREA

Alabama, Arkansas, Louisiana, Mississippi, and Florida (to the Apalachicola River)
